World Wants Work Wonders

BIG OFFER IS MADE FOR 3-CENT CARS ON WILLIAMSBURG BRIDGE

Company Will Divide Profits
and Give City the Plant
in Ten Years.

If the city will permit the Man-
hattan Bridge Three Cent Line to
operate cars over the Williamsburg

Bridge F. W. Rowe, President of the
line, in a letter to Bridge Commis-
sioner Kracke, to-day offered to pro-
vide the entire investment, accept 6
per cent. interest on it, split all sur-
plus profits equally with the city, and
turn over to the city the entire plant
and all equipment at the expiration
of ten years.

The contract by which the line
from one end of the bridge to the
other now operates at a two cent
fare will expire Aug. 31. This line is
said to make exorbitant profits, and
when Commissioner Kracke notified
the operating company, which is
backed by Brooklyn Rapid Transit
and New York Railways interests,
that the contract would expire at the
end of this month, those interests are
said to have threatened to stop their

long haul service across the bridge
unless the contract was renewed.

Learning of this, the Manhattan
Bridge Three-Cent Line offers the
city a contract designated to elimi-
nate the possibility of a similar situa-
tion arising in the future.

"We would undertake," says the
letter in substance, "to provide mod-
ern cars, larger than those now in
use, which would seat forty-eight per-
sons each and carry the traffic com-
fortably. We would install a car
barn in the vicinity of the bridge—
wherever the city decided to locate
it. We would install elevators at the
Brooklyn end of the bridge, at Kent
and Wythe Avenues, so that workers
on the waterfront there would be
saved the long walk they now have
to make if they use the bridge.

"With a ten-year contract for local
bridge operation we would provide
this investment in its entirety and
ask only 6 per cent. income on the
same, dividing equally with the city
all our surplus profits after an appro-
priate sum had been laid aside to
amortize the investment. At the ter-
mination of this contract these prop-
erties, cars, barns and elevators
would pass to the city as its prop-
erty free and clear, leaving the city
in a position to enter into a new con-
tract at that time, having in its pos-
session a road fully equipped and
ready for service."

BARON MEETS DEATH IN TRYING TO KIDNAP BABES FROM MOTHER

Werther's Children Had Been
Awarded to Wife After Sen-
sational Divorce.

RIO JANEIRO, Aug. 3.—Baron Al-
lemend Werther, son-in-law of the
late Baron de Rio-Branco, Brazil's
famous Foreign Minister, was killed
last night while trying to gain pos-
session of his children who have been
living with his former wife, who ob-
tained a divorce from him.

The divorce trial of Baroness Wer-
ther, which began in September, 1913,
resulted in sensational disclosures.
The Baroness declared her husband
seized important diplomatic docu-
ments belonging to the Ministry of
Foreign Affairs of Brazil and threat-
ened her with death when she pro-
tested. She alleged that he had fre-
quent interviews with Herr Michaelis-
les, then German Minister to Brazil,
and communicated to the Krupp and
other German firms documents refer-
ring to the defenses of Brazil.

About a year before the divorce
Baron Werther was shot three times
by his nephew, Senhor Alcides Parahos
Silva, but his wounds were not
serious. The shooting took place at
the Baron's home in Petropolis and
Senhor Silva declared he mistook his
uncle for a burglar.

Retired Electrician Is Missing.
Frank Pitty, a retired electrician,
fifty-two years old, disappeared last
night from his home, No. 417 Seventy-
third Street, Brooklyn. He left this note
unaddressed: "Goodbye. Kiss mother
for me. I can stand it no longer." Mr.
Pitty's wife wandered away from home
a month ago, and after three days'
search she was found and put in a san-
itarium. It is supposed that brooding
over her condition has affected Mr.
Pitty's mind.

ROOSEVELT WILL STICK BY MOOSE

Doesn't Blame Those Who Return
to Republican Camp, but
He Cannot.

Bull Moosers who want to rejoin
the Republican party may do so, but
Col. Roosevelt is going to stick. He
said so in a statement made public
to-day.

When asked about his nephew, The-
odore Douglas Robinson, and Chauncey
Hamlin of Buffalo deserting the
Progressive party to enroll as Republi-
cans, he had nothing to say. But
later he issued this statement:

"As regards the Progressives who
have announced their intention of en-
rolling as Republicans in this State I
have nothing to say except that I
think it has been fine of them to have
made the great fight they have made
during the past three years for Pro-
gressive principles, and I am sure
that they are acting conscientiously
in the step they now take, and with
the purpose of doing what they re-
gard as most useful to the commu-
nity.

"Holding the convictions I do it
would be an impossibility for me, my-
self, to take that step. I shall enroll
as a Progressive, and if any man in
this State asks my advice I shall ad-
vise him also to enroll as a Progres-
sive."

FINDS IT EASY TO GET GOODS INTO GERMANY

Broker Tells of Shipping Supplies
by Way of Vladivostok
and Sweden.

Holder Wagner, a broker in food-
stuffs, and Harry K. Wallach, who
deals in all manner of commissary
supplies, both passengers on the
steamship Frederick VIII., in to-day
from Copenhagen, assert they had
been doing a heavy business with
Germany. Mr. Wagner said he had
no difficulty in sending cargoes of
food from this country to Germany
through Sweden, where the authori-
ties are strongly pro-German.

Mr. Wallach said that he had
shipped many consignments of uni-
form cloth and shoes to Germany by
sending it to Vladivostok and thence
by rail to Sweden for transshipment
to Germany. There had been no in-
terference by Russian officials, Mr.
Wallach said. He means to go abroad
to arrange Russian contracts with-
in a few weeks.

anything about average clothing sales you will
know what we mean. In other words, every
suit in this sale is regular stock, and not the
overnight product of haste and expediency. Ob-
